RESILIENCE - VICTORY BY DESIGN

D.J. EAGLE BEAR VANAS, NATIVE DISCOVERY

Victory is not born from waiting for a better economy, a new administration, the perfect moment, or the exact mix of resources – it's about using what we have right now, around us and within us, to create success. Your clients, customers and coworkers deserve the best service you can provide them – regardless of circumstances – and this program will empower and inspire you to do just that. You'll learn how to use warrior spirit principles to leverage your precious supplies of time and energy into results, creating clarity to get more done, adopt a resilient mindset that is fiercely focused on solutions, and to understand that the business of warriors can make us warriors in business. The program is created to be engaging, motivating, and entertaining but most importantly, it's created to show your people that victory in what they do does not depend on luck, chance, or hope. Victory is by design!

Info Tables!

We are inviting nonprofit, community and faith-based organizations serving children and families in Louisiana to set up a table with information for attendees. The tables will be set up in a large room right next to all the breakout rooms during the conference. We will also have author tables for information from our speakers who have published books!

Each information table will include registration for 1 person. There is no fee for an information table at the conference, but it is first-come, first-served! One per organization. We do have to rent each table we use, so your participation is key. If you cannot participate after you sign up, please contact us ASAP! Sending a different person is OK - just let us know for name badges and sign-in sheets.
